

Landscape, Pest Control, and Outdoor Water Conservation Tips

Do-It-Yourself

10:00 AM - 11:30 AM

Saturday, Mar 9, 2019 Waukesha Home Depot & Waukesha Water Utility

Spring is almost here and now is the time to prepare for a healthy thriving lawn. Come to Home Depot's workshop this Saturday, March 9th from 10 a.m. to 11:30 a.m. where Home Depot's Associate and Waukesha Water Utility will lead you through a checklist of lawn care tasks for Spring - from sprucing up your sprinkler, identifying the best grass for your region and landscape, aerating and scarifying to optimal times for watering, feeding, weeding and seeding. You'll be introduced to products ideal for your location including seed, fertilizer and insect control and receive informative tips for maximum water conservation and information on rain barrels. No green thumb required. If you're interested in this workshop, please register at <https://www.homedepot.com/l/Waukesha/WI/Waukesha/53186/4918> or just show up at the Waukesha's Home Depot store at 2320 W Bluemound Road.
