Prior to issuance of a Private Well Permit, the owner must have the following:

- 1. An inspection conducted of the property, by a certified inspector to determine if the requirements of NR 812, Wisconsin Administrative Code, Well Construction and Pump Installation, are met.**
- 2. Documentation of the well producing bacteriologically safe water, as evidenced by at least two (2) samplings taken at least two (2) weeks apart, per Sections 13.075 (5)(b)(c), and (7) of the Waukesha Municipal Code, and fee(s) for Private Well Permit(s) are paid.**

The Waukesha Water Utility reserves the right to inspect the property for possible cross connections to prevent potentially unsafe water from entering the municipal system.

(To be completed by the Waukesha Water Utility)
