

WE'RE HIRING

WAUKESHA WATER UTILITY

Investing in the future of our water

Operator I

Full time general labor position available. You'll be an integral part of our team during the construction and treatment of our new water supply from Lake Michigan. Duties will vary from maintenance and repair of our water distribution system (mains, hydrants, valves), routine maintenance of motors, pumps, and other mechanical equipment, testing and storage of chemicals, and upkeep of facilities and grounds in our service area.

Requires 3 years related experience, a valid driver's license with CDL (or ability to obtain). Must be able to respond to emergencies within 30 minutes. We offer a great work place with competitive pay and benefits that include insurance, generous PTO and state pension. Visit www.waukesha-water.com to view the job description and complete an application.

Submit resume to WWUhr@waukesha-water.com.
